**Factory Direct Custom Furni-**

Doerr's Custom Cabinets & Trim manufactures **FACTORY DIRECT** custom furniture. The design emphasis is on durable construction for the institutional furniture market. We are continually analyzing and updating our design to better serve the instructors and students. We adhere to the firm convictions that a company's success is dependent upon 2 factors: product quality and customer satisfaction.

Doerr's Custom Cabinets & Trim reserves the right to make changes in the design and /or specifications to improve the product without prior notice and without obligation to incorporate the changes into products previously manufactured.

My main hesitation in creating a catalogue is people will think this is all we offer. **The enclosed products and pictures are to demonstrate an idea of what we can offer. Please call to "tweak" these designs for your school.**

PLEASE BE ADVISED THAT ALL ORDERS ARE CUSTOM AND CANNOT BE CANCELLED ONCE AN ORDER IS PLACE.

We appreciate your continued support and loyalty over the years . Let Doerr's Custom Cabinets & Trim help you design your next school project.

## Quad Units "X" shaped Series TQ000

Over 900 colors available  
All plywood and hardwood  
construction.

Above: Quad Unit w/ grommets, wire tray, attention lights, surge protector /power bar, mobile door/drawer locking cabinet.

Left: Quad Unit - 8'L legs w/ grommets, wire tray, attention lights, and surge protector /power bar, short backwalls.

*Customize the furniture to meet your specific applications*

What storage do you need? Each modules can contain 0, 1, or 2 cabinets and/or a CPU holder. The cabinets are usually locking w/ 2 keys per lock and a master key for the instructor. The standard types of cabinets are door, 1 door/ 1 drawer, or 4 drawers. Wire management tray and grommets are options but ordered by everyone. Each module equipment can include an attention light and/or surge protector/ power bar. The standard edge treatment is black "T" molding but solid oak or maple hardwood can be purchased for additional cost. As shown above, the backwalls can be 31-48"H. The lengths of the legs vary from 4' L to 8' L with countertops of 24"D or 30"D. The most exotic design includes varying lengths and depths on one countertop i.e.: a 8'Lx2'D counter on one side with a 6'Lx30"D counter on the other side. The backwalls set on the floor preventing the students from crawling under the counter from one module to another and greatly increases the strength. The quantity of sup-

Factory Direct Custom Furniture

**Above: Wall Unit w/ short back-walls, grommets and wire tray**

**Wall Unit (right) w/ grommet, wire tray, surge prot./ power bar, locking door/drawer cabinet**

**Wall Units: "I" shaped Series TW00**

**Double Wall Unit w/ oak edge, attn. light, surge prot./power bar, locking CPU holder, wire tray, grommet, 4 drawer, and door/dwr cabinet.**

**Mobile Wall Unit w/ wire tray, grommet, surge prot./ power bar, upper & lower shelf, locking door/ drawer cabinet.**

## *Customize the furniture to meet your specific applications*

As demonstrated above, wall units' modification can produce a variety of furniture units. For longer or dbl. modules, a double wall unit can serve or a "space-challenged" classroom can use a mobile unit. What storage do you need? Each modules can contain 0, 1, or 2 cabinets and/or a CPU holder. The cabinets are usually locking w/ 2 keys per lock and a master key for the instructor. The standard types of cabinets are door, 1 door/ 1 dwr, or 4 drawers. Wire tray and grommets are options but ordered by everyone. Each module equipment can include an attn. light and/or surge protector/ power bar. The std. edge treatment is black "T" molding but solid oak or maple hardwood can be purchased for add'l cost. As shown above, the backwalls can be 31-48"H. The lengths of the legs vary from 4' L to 8' L with countertops of 24"D or 30"D. The backwalls set on the floor preventing the students from crawling under the counter from one module to another and greatly increases the strength. The qty. of supports depends on the length of the unit and the cab. below.

## Why do the students receive all the new furniture?

Model #: TLIS/2sh: Corner unit w/ short backwalls, grommets, wire tray, 2 shelves below ctr., locking 2 and 3 drawer cabinet

**Superior Instructor's Station**

This practical instructor's desk includes everything you need for a desk. The lip in the back prevents items from slipping off the desk but does not obstruct the visibility. The 3-drawer locking cab. contains a pencil drawer, a misc. sized drawer, and a filing drawer. Working under the assumption that there is never enough storage space, this unit also offers a second locking cabinet with 2 add'l filing drawers. Each drawer has 2 keys and one master key for the instructor. Under the countertop are 2 shelves for the hard-to-store items: (i.e. telephone book or disk storage.) Since it is available in over 900 colors, it is sure to compliment any color scheme. The 3/4 " hard-wood plywood provides a tough, durable product needed in the classroom environment.

**Deluxe Instructor's Station**

Model #: TLID: Corner unit w/ wire tray, grommets, short backwalls, locking 3 dwr. cabinet

**Instructor's Station**

Model #: TIIB: Straight instructor station w/ grommet, wire tray, surge prot./power bar and locking 3 drawer cabinet

**Question:** With all these students, where does the instructor find room for their desk?

### **Answer: The Mobile Instructor Desk/ Podium**

This concise design allows for a computer setup, podium, plus locking drawer and door (w/ adjustable shelf) storage. Unit is available mobile or stationary. The keyboard slide sits under a locking monitor area and has a locking CPU area below. Standard dimensions are 48"Wx52"Hx24"D. Other sizes and designs are available upon request.

### Multi-Purpose Table Below:

Model #: AT52.52.5  
This table meets the ADA requirements and has a multi-tude of uses. 60"Lx29"Hx30"D, other sizes available.

**Engineering Table** Above Model #: TE82.53M  
Heavy duty, sturdy mobile table includes cubbyhole storage below. The trestle-like design allows for heavy loads w/ an attractive design. 96"Lx36"Hx48"D, available in other sizes.

**Maple Work Bench** Above Model #: WM1000  
Maple butcher block top. 48"Lx48"Dx29"H

Above: **Maple Work Bench w/ storage**  
Model #: WM2W00 Maple butcher block top w/  
2 locking door/dwr cabinets. 72"Lx30"Dx29"H

### Tool Storage Cabinet

The TC5000 combines pegboard and shelf storage with adjustable shelves below. The 60"Wx76"Hx24"D unit is adaptable for almost any tool. The pegboard back, sides and door allow for maximum flexibility. The entire structure is comprised of 3/4" hardwood plywood, dated for maximum strength. This unit's design can be adapted for specific tools, even a broom closet area or a drawer stack can be added.

Model #:

**Cubbyhole: 21 slots**— below

Cubbyholes are available in a variety of lengths, depths, or heights for your unique application. The 3/4" hardwood plywood is datoed for superior strength in the classroom environment. Whether in an elementary atmosphere or for backpack storage needs, they can be sized for best use.

Model #: H3.371.21

**Short Notebook Stand** - above

Organize the individual students binders for classroom management. Each notebook stand is designed around the notebooks' size & qty. Other sizes are available. The unit is composed of 3/4" hardwood plywood w/ 1/4" hardwood plywood dividers & finger cutouts.. Each divider is datoed into the top & bottom shelf for strength. This model has room for 78 notebooks, 1.5" W.

**Double Bookcase:**

76"Hx32"Lx12"D with 2 fixed and 3 adjustable shelves per side. Bookcases can be 24-96"Lx24-100"Hx8-24"D. The shorter units can be mobile. The entire unit is constructed of 3/4" hardwood plywood and datoed for extra strength. They can be arranged in any configuration or shape, even triangular.

Model #: B2.86.31

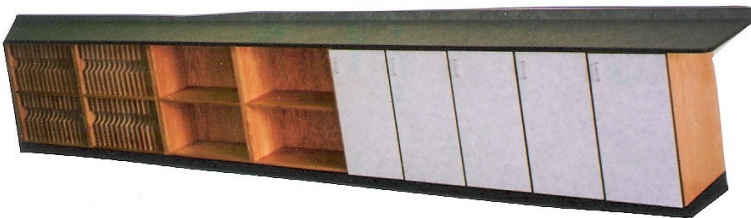

**Customized Storage Examples**

**Below Left: Racetrack**

This combination of door cabinets, bookcases, and notebook stands are arranged for a racetrack. The continuous countertop with backsplash runs along a wall. The racetrack can be any combination of cabinets, bookcases and notebook stand for your unique application. The height is typically 36" H x 24" D x your length. Each custom unit has its own unique model number, please call to design this unit.

**Below Right: Drafting Storage**

This specific drafting storage combination consists of a notebook stand, 2 bookcases, and a 6 drawer cabinet on each side. Present application is as a room divider and workspace. The countertop is oak-edged and the drawer fronts are solid oak.

Factory Direct Custom Furniture

**Design your storage**

Cabinets are manufactured in a variety of shapes, sizes and colors. The standard configurations are door, 1 door/1 drawer, 2 full extension filing drawers, 3 drawer (pencil, misc., full extension filing drawer), 4 drawer, 5 drawer, and 6 drawer. Most instructors prefer locking w/2 keys per lock and a master key for all the locks. Depending on your application, some are mobile with countertops or stationary to be permanently installed under countertop as the supporting structure. They are composed of hardwood plywood and consist of plastic laminate (over 900 colors are available) or hardwood plywood fronts. The cabinets can be combined to form any arrangement. Triangular shaped or diagonal corner cabinets (like the corner in your kitchen) are readily manufactured. The dimensions vary substantially (8-96"L x 24-100"H x 10-36"D).

Model #: C2D432C w/ PL

Model #: C2D432CM w/ oak fronts

**Model #:  
CR462  
with oak  
fronts**

The two above cabinets while looking very different are identical except the fronts are 3/4" veneered oak plywood versus PL (plastic laminate) and the lower cabinet is mobile.

Below Right: The below right set of cabinets is similar to a kitchen design. The backsplash can extend to the upper cabinets for easier cleaning; also providing additional upper support. The upper cabinets can be replaced with a bookcase instead of the closed cabinets. Single & double sinks are available.

The left and left below cabinets are identical except for the plastic laminate front versus the oak front. Each contains 6 adjustable shelves and 4 fixed shelves. The cabinets box is dated for strength and durability.

### Display/ Trophy Cases are available in more varieties than cabinets.

**Above Trophy Cases:** The 2 above units are typical trophy cases with adjustable glass/Plexiglas shelving and glass fronts sized for different applications. The fronts are solid oak with 3/4" veneered oak sides, top, base, and back. All can be manufactured with locking doors.

**Top Left Trophy Case:** The left unit's design included glass on the front and the back. It was located in front of a window to expose the trophies to people walking outside of the building in addition to the interior areas. The unit was 16'L x 24"D x 76"H.

**Below Left Trophy Case:** The upper portion of the case is a standard trophy/display case. The lower area provided additional storage. Unit is 96"Lx76"Hx24"D.

**Most Custom Trophy Case:** (Not pictured) A stuffed wolverine was donated to a school with a wolverine as its mascot. A cabinet was required to prominently display the donation. The wolverine cabinet was accessed from the side with a solid glass front. Small door cabinets were below for additional storage.

This ergonomic table offers numerous advantages in the classroom. Specifically designed for use w/o a flexible monitor arm, less moving parts means less breakage. Primarily used in drafting, graphic arts, and art classrooms, the MC4400 combines a computer setup w/ a manual board area using a smaller footprint. The table was designed to accommodate most drafting machines and parallel bars.

- A** Countertop is angled at 7°, constructed of 3/4" hardwood plywood and plastic laminate.
- B** Keyboard area is open or drawer setup (shown). Tired of broken 35# keyboard slides, these slides are almost 3 times the strength at 100#.

- C** CPU area can be open (shown) or locking w/ vented area. Drafting and graphics arts curriculums need updated computers. This table handles BOTH desktop and tower CPU( shown) for maximum flexibility. Relocation is required for desktop arrangement.

- D** Wire management tray is provided under countertop. (not seen at this angle).
- E** Opt. door, door/dwr, 3, 4, 5, or 6 drawer cabinets are available for locking storage. Each drawer comes w/ 2 keys & a master key for the instructor.
- F** Monitor shelf situates the monitor and can also hold drafting equipment.
- G** ADA & stool heights are available.

*Attention:  
 Drafting Instructors,*

**MCL64ZF: Corner manual/computer Table**

Right: The **MC4000** accommodates a computer & a manual drawing table in a corner configuration. The unit has 2 separate tables for layout versatility. The 7° angled countertop is 3'Lx30"Dx29"H. Adj. countertops are available. The comp/work station is 66"Lx30"Dx29"H. Wire management grommets & organizational tray are included.

**MC 4000** Dual Manual / Computer Table

Above: The multi-use corner unit w/ the diagonal intersection naturally handles a computer in the corner. Wire tray is mounted under the counter w/ a grommet in the countertop to neatly organize wires. The unit shown has a opt. portable drafting board (2'Dx3'L) & a zip drive holder. The backwalls are 10" above the countertop providing a semiprivate working area w/o obstruction the instructor's view.

The **MC4100** (right) combines a diagonal computer area & an adjustable drawing table in a corner configuration. The unit has 2 separate tables for layout versatility. The adjustable countertop is 3'Lx24"Dx29"H. Fixed countertops are available. The computer/work station is 36"Lx24"Dx29"H. Wire management grommets & organizational tray are included.

**MC 4100** Dual Adjustable / Computer Table

**MC 4300** Extended CAD/Manual Ergonomic Table

Left: The **MC4300** - Extended CAD/ manual ergonomic drawing table combines a drafting board w/ a computer table designed for years of use. The adjustable countertop (3'Lx30"D) has 13 positions in 1" increments yet provides a smooth operation in the horizontal position. The computer station keyboard slide is rated at 100 # to withstand the rigorous use in a classroom. The full modesty panel offers additional lateral support and discourages sexual harassment. Optional locking and open CPU holders are available. Wire can be installed in the provided wire grommets and wire organizational channel. Overall dimensions 76"L x 30"Dx29"H.

**OUR MOST POPULAR COMPUTER STATION DESIGN!**

Due to the plywood design, we have the strength to accommodate 3 students in 8'L. Each table comes standard w/ wire organizational grommets & wire tray. The modesty panel is inset into the legs and middle supports providing a barrier between tables. An optional cubbyhole can be added to provide a student storage area, see below. When work space is needed, the optional CPU/Monitor Stand can be added. The CPU/Monitor Stand houses the monitor and CPU on the upper shelf area.

The above design allows for a work space. When students need a work area they simply slide the keyboard into the open lower area to provide the students w/ ample workspace.

Left: Model P6400 starts w/ the above unit and adds the cubbyhole for additional storage.

Right: The Model P5500 combines a 2-station computer table w/ 2 keyboard slides. Wire management grommets and tray are standard. The unit is 72"Lx30"Dx29"H. **This unit does not meet the Federally Mandated ADA.**

### Individual corner unit

Model TL610S imitates a business furniture style. The one-person corner stations have wire management tray and grommets, an optional surge protector/power bar, and 2 shelves below the counter for storage. This specific unit is 60"Wx48"Wx24"Dx48"H. The diagonal corner piece allows a natural computer location. Cabinets are available but the unit size will need to be lengthened. As always, over 900 colors are available to best coordinate your classroom.

Right: The P7500 offers a variety of extras to the normal computer table. The monitor is inset in the countertop for better instructor and student visibility. The 2 CPUs are housed in the center storage area and can work with horizontal or tower CPU's due to the adjustable shelf. The keyboard slides are rated at 100# for the classroom environment. **Please note this design does not meet the Federally Mandated ADA but design changes are available to accommodate ADA access.** The unit is 72"Lx 30"Dx30"H. Other sizes are readily available.

### Heavy-Duty Table

Left: The A 6500S functions in a wide variety of uses. The "H-style" leg structure offers superior strength and prevents wobbling. The base is all 3/4" hardwood plywood construction with plastic laminate.

**Factory Direct Custom Furniture**

The art table is available in a 2- or 4- person design with chair or stool (**does not meet the ADA**) heights. The 1.5 " thick hardwood plywood countertop can withstand the demanding needs of an art classroom. Modesty panels offer outstanding lateral support and discourages potential sexual harassment problems. The legs are dated to receive the modesty for additional strength. The hardwood plywood base does not chip like plastic laminate. As w/ all our furniture, it can be designed to different dimensions than those listed.

P

*Brandon Inc's science stations are functional and affordable. Customize the units to*

- Determine countertop (lamine (PL), chemical resistant PL , or epoxy)
- Plumbing (hot or cold water), gas, and electric needs
- Storage: book compartments, drawers, or door areas.
- Legs: the standard post leg that wobbles or solid panels
- ADA compatible?

What size—how many students per table, stool or chair height?

Model #: S1100

The "basic" science table is available in varying sizes, legs or panels, book compartment or plain, and with a PL, chemical resistant PL, or epoxy top. Model S1100 is 24"D x 30"H and 54"W. THIS MODEL DOES NOT MEET THE FEDERALLY MANDATED ADA. If you need an ADA table, use panels instead of legs.

S9000—lab side

S9000—class side

Develop a long table by aligning a couple of tables as in the picture below. The picture below includes 3: S5050E w/ two plumbing chases. This model includes 2 vacuum breaker cold water faucets in an epoxy countertop w/ an epoxy sink. A GFI is located above the locking door cabinet on each side. This unit is mirror imaged. Each table is 60"W x 36"H x 30"D, and does not meet the ADA. Please contact us to design to meet the ADA. Other sizes, configurations are available.

Model #: S5050E w/ 2 plumbing chases

The Stealth Table (above), Model #S9000 combines a lab table w/ a classroom setting. The class side includes a bookcase for a CPU while the lab side includes a sink w/ 2 gas outlets and a cold water faucet plus the uprights. This unit was specifically designed to use a smaller footprint and make it more difficult for the students to access the faucet while in a classroom setting.

## TERMS AND CONDITIONS

### FINANCE CHARGES

Applicant will receive a monthly statement. When payment is required under the terms of any statement sent to Applicant, Applicant must pay the entire amount by the 30<sup>th</sup> day from invoice date. If the balance shown on a monthly statement is not paid before the 30<sup>th</sup> day, interest will accrue on that unpaid amount at the highest rate allowable by Florida law.

### LIMITED WARRANTY

Doerr's Custom Cabinets & Trim LLC. gives a limited manufacturer's warranty on all products it manufactures for a period of one (1) year. If there are any manufacturer's defects in the products, Doerr's Custom Cabinets & Trim LLC. reserves the right to repair or replace the product within the warranty period. Doerr's Custom Cabinets & Trim LLC. gives no warranty against latent or patent defects in material, workmanship, capacity, or operating capacity of any materials after the warranty period. Other than the express limited warranty as above provided, there are NO OTHER WARRANTIES, EXPRESS OR IMPLIED INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

### 3. ACCEPTANCE OF MATERIALS

The failure of Applicant to object in writing to the condition of any products sold by Doerr's Custom Cabinets & Trim LLC. within 48 hours of delivery will constitute an acknowledgment that the goods have been accepted and found in good, safe and merchantable condition, fit for Applicant's intended use.

### NON-LIABILITY OF Doerr's Custom Cabinets & Trim LLC.

Regardless of whether a claim against Doerr's Custom Cabinets & Trim LLC. sounds in contract, tort or otherwise, Doerr's Custom Cabinets & Trim LLC. will not be liable to Applicant for any loss, delay or damage of any kind or character resulting from accidental breakage, defects in or on efficiency of any equipment from the failure of Doerr's Custom Cabinets & Trim LLC. to properly perform services or from any other cause whatsoever, including the NEGLIGENCE OF Doerr's Custom Cabinets & Trim LLC. Doerr's Custom Cabinets & Trim LLC. WILL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGE. Doerr's Custom Cabinets & Trim LLC. will not be liable for inability of the Applicant to use the product for any purpose.

### TAXES

Applicant will pay all sales and use taxes, all personal property taxes and all other taxes whatsoever.

### INDEMNIFICATION

Applicant will indemnify and hold Doerr's Custom Cabinets & Trim LLC. harmless from any liability of any kind, including reasonable attorney's fees.

### ATTORNEY'S FEES

If Doerr's Custom Cabinets & Trim LLC. employs an attorney to enforce any provision of this Application or invoice, or to defend any action brought by Applicant, its agents or employees against Doerr's Custom Cabinets & Trim LLC. whether the action sounds in contract, it tort or otherwise, or to collect any payment due to Doerr's Custom Cabinets & Trim LLC. from Applicant, whether or not suit is instituted, Doerr's Custom Cabinets & Trim LLC. will be entitled to recover from Applicant all costs and expense incurred including a reasonable attorney's fee.

### VENUE/ JURY TRIAL/ INTEREST

Applicant will pay interest on all monies due to Doerr's Custom Cabinets & Trim LLC. at the highest lawful contract rate. Applicant WAIVES ANY RIGHT TO JURY TRIAL in any action brought by or against Applicant involving Doerr's Custom Cabinets & Trim LLC., regardless of whether the claim sounds in contract, in tort or otherwise, or is in any proceeding related, ancillary or supplementary to this Applicant. Applicant waives any right of venue and agrees that any legal action or arbitration proceeding between Applicant and Doerr's Custom Cabinets & Trim LLC. regardless of whether it sounds in contract, in tort or otherwise, will be brought in a state court of competent jurisdiction located in Flagler County, Florida.

### PERSONAL GUARANTY

The person signing the Application on behalf of the Applicant, personally and individually, guarantees the full and prompt performance of the Applicant and the payment of all sums due to Doerr's Custom Cabinets & Trim LLC. As used in this Application, the term "Applicant" will also include the guarantor and any other party to this Application and all waivers are equally applicable to those persons.
